Gods of Eden-William Bramley 1993-03-01 They Came To Earth Millions Of Years Ago To Spread The Poison Of Hatred, War And Catastrophe... They Are With Us Still... Human history is a seemingly endless succession of bloody conflicts and devastating turmoil. Yet, inexplicably, in the light of astonishing intellectual and technological advancement, Man's progress has been halted in one crucial area: he still indulges the primitive beast within and makes war upon his neighbors. As a result of seven years of intense research, William Bramley has uncovered the sinister thread that links humanity's darkest events -- from the wars of the ancient pharaohs to the assissination of JFK. In this remarkable, shocking and absolutely compelling work, Bramley presents disturbing evidence of an alien presence on Earth -- extraterrestrial visitors who have conspired to dominate Humankind through violence and chaos since the beginning of time...a conspiracy which continues to this very day.

Jesus Goes to Hollywood-William Bramley 2004-12 Jesus Goes to Hollywood is a fascinating collection of the most enduring, and often controversial, alternative theories about Jesus. The author provides in-depth research and scholarship written in a way that makes it fascinating for lay audiences. Topical and timely, this is a book not to be missed!

Flying Serpents and Dragons-R. A. Boulay 1999-07 A highly original work that deals a shattering blow to all our preconceived notions about our past and human origins. Worldwide legends refer to giant flying lizards and dragons that came to this planet and founded the ancient civilizations of Mesopotamia, Egypt, India and China. Who were these reptilian creatures? What was the real reason for mans creation? Why did Adam lose his chance at immortality in the Garden of Eden? Who were the Nefilim who descended from heaven and mated with human women? Why did the serpent take such a bad rap in history? Why didn't Adam and Eve wear
clothes? What were the crystals or stones that the gods fought over? Why did the ancient Sumerians call their major gods USHUMGAL, which means literally great fiery, flying serpent? What were the boats of heaven in ancient Egypt and the sky chariots of the Bible? This book tells it all.

The Mythology of Eden-Arthur George 2014-05-23 The biblical story of Adam and Eve in the Garden of Eden is a cornerstone of Western civilization, yet there are still many mysteries concerning its origins and meaning. In The Mythology of Eden, Arthur and Elena George utilize new historical and archaeological discoveries to reveal how the story’s author uses veiled symbolism and mythological storytelling to convey his message about the most profound questions of human existence regarding the divine, life, death, and immortality. This innovative book offers an interdisciplinary interpretation of the Eden story that delves into incorrect assumptions and brings to light details that have previously gone unnoticed. The Mythology of Eden provides a new understanding of the story of Adam and Eve and illuminates the story’s role and meaning in our modern world.

Gods of Eden-Andrew Collins 2002-04-01 A groundbreaking historical documentation of the secret history of pre-Pharonic Egypt and the race of angels that built it. •By the author of From the Ashes of Angels and Gateway to Atlantis (more than 30,000 copies sold in the United Kingdom). •Unlocks the secrets of how the Great Pyramids and the Sphinx were built. •Explains the traces left by the race of Elder gods that founded ancient Egypt through ancient texts of the Hall of Records. •Proves the foundations of ancient astronomy 10,000 years ago. Hidden deep below Egypt's Giza plateau is perhaps the key to unlocking the mysteries of the Great Pyramid, one of the seven wonders of the world. Built using a technology unequalled even today, the ancient Egyptians claimed they inherited their advanced culture from a race of Elder gods who lived during a previous age known as Zep Tepi, the First Time. In his earlier companion book From the Ashes of Angels, renowned historical writer Andrew Collins provided historical and scientific evidence showing how these Elder gods, who were the flesh and blood members of a race of fallen angels, founded ancient Egypt. Now, in Gods of Eden, he describes the remarkable achievements of their culture. Assembling clues from archaeology,
mythology, and religion, Collins shows us how this great society mastered acoustic technology and employed the use of sound to raise heavy objects into the air and pierce holes through solid rock. It was with this technology that they were able to construct gigantic structures that have marveled adventurers and archaeologists worldwide. With findings based on more than 20 years of research and scholarship, Collins reveals the fascinating historical destiny of this culture of fallen angels and the imprints and legacies they left behind at the genesis of civilization.

From the Ashes of Angels-Andrew Collins 2001-09-01 Provides convincing evidence that angels, demons, and fallen angels were flesh-and-blood members of a giant race predating humanity, spoken of in the Bible as the Nephilim. • Indicates that the earthly paradise of Eden was a realm in the mountains of Kurdistan. • By the author of Gateway to Atlantis. Our mythology describes how beings of great beauty and intelligence, who served as messengers of gods, fell from grace through pride. These angels, also known as Watchers, are spoken of in the Bible and other religious texts as lusting after human women, who lay with them and gave birth to giant offspring called the Nephilim. These religious sources also record how these beings revealed forbidden arts and sciences to humanity--transgressions that led to their destruction in the Great Flood. Andrew Collins reveals that these angels, demons, and fallen angels were flesh-and-blood members of a race predating our own. He offers evidence that they lived in Egypt (prior to the ancient Egyptians), where they built the Sphinx and other megalithic monuments, before leaving the region for what is now eastern Turkey following the cataclysms that accompanied the last Ice Age. Here they lived in isolation before gradually establishing contact with the developing human societies of the Mesopotamian plains below. Humanity regarded these angels--described as tall, white-haired beings with viperlike faces and burning eyes--as gods and their realm the paradise wherein grew the tree of knowledge. Andrew Collins demonstrates how the legends behind the fall of the Watchers echo the faded memory of actual historical events and that the legacy they have left humanity is one we can afford to ignore only at our own peril.

Out of Eden-Alan Burdick 2006-05-02 In this search for both scientific answers and ecological authenticity, the
author tours the front lines of ecological invasion in the company of world-class scientists to explore the disparity between what is nature and what is natural.

The Gods of Eden and Operation High Jump-Moshe Mazin 2017-02-15 One of the most amazing epic stories in recent memory, the connection between ancient alien beings and human history is captured in this mesmerizing science fiction novel. A biblical passage from the Book of Genesis points the way to this connection, which recently has been tied to new excavations in Southeast Turkey, thought by several archeologists to be the site of the fabled Garden of Eden. The story ties the ancient Jewish staff of Moses to the Knights Templers, the Bilderberg Group, the American NSA, and Israeli intelligence services, all in pursuit of the secretive German Nazi Base 211 located at the South Pole in Antarctica. The American top secret Operation High Jump, which was recently partially declassified, raises many questions about the involvement of the world’s governments in a cover-up of alien presence on Earth.

Our Cosmic Ancestors-Maurice Chatelain 1988-09-01 Our Cosmic Ancestors is a dynamic work unraveling the messages of these 'universal astronauts' and decoding the symbols and visual mathematics they have left for us in the Egyptian Pyramids, Stonehenge, the Mayan calendar, the Maltese Cross and the Sumerian zodiac. The book is captivating reading from beginning to end. However Mr. Chatelain's purpose in sharing these exciting discoveries lies in the hope that all humans will extend their horizons, to release fear of the unknown just enough that another generation will exhibit growing curiosity to continue the search for signs of purposeful nurturing of this planet.

The Robots' Rebellion – The Story of Spiritual Renaissance-David Icke 1999-08-26 David Icke’s strongest book to date, The Robots’ Rebellion reveals the alarming extent to which people of all nations are programmed by the ideas fed to them by those in power. We live in a world which is increasingly dominated by technology but, according to Icke, it is we who are the robots. Fearlessly, he tears down the veils of hypocrisy, built up for generations by the corrupt forces of Church, State, science and commerce — and reveals the true pathos of the human condition beneath. He points, too, to the frightening influence wielded throughout the planet by a
merciless and manipulative network of secret societies. The existence of long-established links between Earth-bound humanity and beings from other dimensions and planets in the Universe has been suppressed for years, says Icke, by the world’s power-broking hierarchy. When ordinary people learn the real role they have to play within a rich and varied cosmic society, rebellion against those who have kept this extraordinary truth from them will, he predicts, be inevitable. The author is no stranger to controversy. Formerly best-known as a TV sports commentator and leading spokesman for the British Green Party, he is gaining increasing authority as a tireless campaigner for truth. His widely-publicised spiritual transformation has given him the courage to speak out fearlessly against lies deceit. Hidebound politicians, bankers, economists, educationalists, scientists and the leaders of the world’s established religions are not going to welcome Icke’s challenging book. But it is not intended for those who wield and abuse power. This book is for the world’s unwilling robots who, says Icke, in an upbeat conclusion, have it within themselves to rise up — and take control of their own exciting destiny. And newly-uncovered information indicates that the strangeness continues with bizarre, high-tech gadgets like portable, hand-held surgical lasers and injectable electronic IDs as small as a grain of rice! Synthesis Remembered-Charles L. Moore 2006 A retired attorney and Catholic priest, Moore offers a radical, magical blending of fact and imagination. He uncovers control-by-fear tactics of religion and governments that have dominated for centuries. His joyful wisdom reveals Christians' birthright--original innocence, self-
mastery, and true freedom. (Christian)
Divine Encounters-Zecharia Sitchin 2002-03-01 Explains the links between the Bible and ancient Sumerian
texts, probing the age-old question of the relationship between humanity and its creators. • Challenges
scientific maxims of the basis of human life. • Draws fascinating parallels between the leaders of the Anunnaki
(from the 12th planet) and Yahweh. • A comprehensive new look at the history of man. • First time available in
hardcover. In Divine Encounters Zecharia Sitchin draws on basic Judeo-Christian texts to analyze the creation
myths, paralleling Biblical stories to the myths of Sumer and Mesopotamia in order to show that humanity did
not evolve without assistance. Sitchin daringly hypothesizes instead that Enki, one of the leaders of the
Anunnaki from the 12th planet, created humanity as a "primitive worker." Furthermore, Sitchin suggests that
the extraterrestrial encounters of today demonstrate the continued interest of the Anunnaki in the Earthlings
they created.

which are currently impossible to replicate. Their technological knowledge and universe awareness had

The Lords Of Avaris-David Rohl 2010-04-06 The Lords of Avaris is one man's journey in search of the
legendary origins of the Western World. Our story begins in a small rock-cut tomb below the desolate ruin-
mound of Jericho in the Jordan Valley. This is the start of an epic journey of discovery, in the Homeric mould,
which ranges across the ancient lands and archaeological sites of the Mediterranean. From Joshua's Jericho to
Romulus' Rome, the true chronicle of our pre-Christian past is uncovered revealing an extraordinary historical
picture, previously unimagined by scholars. The epic legends of the West, which permeate the writings of Greece and Rome, appear to have been based on the exploits of genuine historical figures and actual events. There really was an 'Heroic Age' of brazen-clad warriors, the last of which fought before the walls of Troy, just as described in Homer's Iliad. At the beginning of the Middle Bronze Age - two thousand years before the assassination of Julius Caesar in the Roman Senate - a new people appeared on the stage of history to join the great civilisations of Mesopotamia and Egypt. These 'Indo-European'-speaking tribes were chariot-riding warriors from the northern mountains and plains. They became the Hittites, the Aryan kings of Mitanni, the Vedic heroes of the Indus, and the founders of the later empires of Greece, Persia and Rome. They had many legendary names - the Divine Pelasgians of Greece, the Luwians of Troy and western Anatolia, the Rephaim and Anakim of the Bible, and the Hyksos rulers of Avaris who suppressed Egypt for generations. Their heroes and heroines are legionary: Inachus, mythical king of Argos in the Peloponnese; his daughter the beautiful Princess Io who married an Egyptian pharaoh; Danaus, the Hyksos ruler who, fleeing from Egypt to Greece, founded the Mycenaean dynasty which culminated in Agamemnon's ill-fated Trojan War; Cadmus, the bringer of writing to the West; Minos, the Cretan high-king of Knossos who built the infamous Labyrinth; Mopsus, warrior and sage who led a vast Greek, Philistine and Anatolian army into the Levant in a daring attempt to seize Egypt in the time of Ramesses III. All these, and more, are the stuff of legend - but The Lords of Avaris reveals these Classical heroes as flesh-and-blood characters from our ancestral past.

Does that sound like the government doesn't take ETs seriously? Can you handle the truth?
If you're ready for the book that blows the lid off this UFO cover-up and breaks open a "Cosmic Watergate," you must read Extra-Terrestrials Among Us by George C. Andrews. Deadly Cults-Robert L. Snow 2003 How do seemingly "normal" or "ordinary" citizens suddenly find themselves committed to a group whose leader promotes criminal activities and isolation from families and friends? What should you do if a loved one becomes indoctrinated by a potentially dangerous cult? By providing specific accounts of dangerous cults and their destructive acts, Snow illustrates how seemingly innocent groups can turn pernicious when under the sway of a charismatic leader with an agenda, or when members take things too far. He offers advice on how to identify cults, how to protect yourself and your family, and what to do if a loved one is ensnared by such a group.

Seeds of Eden-A. P. Watson 2019-07-30 Visions of decapitated corpses, pools of blood, and a masked executioner have haunted Evey's dreams for as long as she can remember. Torn between life in the waking world and dreams of the dead, she discovers her normal existence is nothing more than an illusion. As time passes, she is led to question the confines of her own sanity. What sins could she possibly have committed to

He has come to reclaim the river, to return it to its original majesty. Soon after, government employees are found murdered with elaborate harpoons. As the body count grows, Francine Smohalla, a government marine biologist of Chinook and white descent, embarks on her own investigation of the bizarre murders. As she desperately tries to find the killer and prevent any other murders, she finds herself spinning in the convergence of ethnic hatreds between Indians and whites, an unlikely relationship with a kindred spirit whose troubled life has led him to contemplate terrorism and apocalypse, an ancient prophecy about the return of her beloved salmon, and the giant dams on the Columbia that loom large and as seemingly immovable as the mountains themselves. A River Out of Eden is a gripping literary thriller straight from today's headlines set against the uniquely American contradictions of the Pacific Northwest.

I Know Who These People Were—William Lucas 2015-10-23 Elongated skulls have been discovered all over the world. The Urantia Book states Adam and Eve's descendants had elongated heads, and so did the Nodites, people of the land of Nod, descendants of the Nephilim and they were the sons of God of Genesis 6:4 where sons of God had children by the daughters of men. Adam and Eve were not the first two people on earth, see Genesis 4:8-17. Forty elongated skulls some with red hair still intact was found in Lovelock, Nevada inside a
cave and they were believe to be seven to eight feet tall; also 3,000 years old elongated skulls with red hair still intact were discovered in Nazca Peru-more proof that Adam and Eves descendants traveled all over the world-in an effort to spread their genes. When geneticist analyzed the genes of the elongated skulls, they found the genes contain genetic material unknown in any human, primate, or animal. Adam and Eve came to our planet as biological up-lifters. Bodies were made for them when they arrived on our planet by beings from a higher universe called Avalon (a universe neighbor to our universe). These beings were called Avalon surgeons. They took plasma from the more advanced tribes of our planet and with some type of genetic engineering created bodies made of the dust of the ground (chemical of the earth) that were much more advanced than the humans of that time. Adam and Eve incarnated into those bodies and the spirit of God breathed the breath of life into those forms and they became living beings. Our ancient ancestors didn't know about genetic engineering and such, so they said God did it. To them those advanced beings were gods. People of our planet need to wake-up and stop thinking about material things all the time and begin thinking about the spiritual world, which we linger far behind in our understanding. Beyond the Light Barrier-Elizabeth Klarer 2009-06-06 Beyond the Light Barrier is the autobiographical story of Elizabeth Klarer, a South African woman and Akon, an astrophysicist from Meton, a planet of Proxima Centuri that, at a distance of about 4.3 light years, is our nearest stellar neighbor. Elizabeth was taken in his spaceship to Meton, where she lived with him and his family for four months and where she bore his child. Her life on Meton is fascinatingly described. Akon brought Elizabeth back to Earth after the birth of their son, and continued to visit her thereafter. Akon explained how his spaceship's light-propulsion technology operated, and how it allowed him and his people to travel across vast interstellar distances. This technology is explained in detail in the book. Elizabeth was given a standing ovation at the 11th International Congress of UFO Research Groups at Weisbaden in 1975, and her speech as guest of honor was applauded by scientists of twenty-two nations. Light Technology Publishing is proud to bring you the long-awaited American edition in both hard copy and electronic format of Beyond the Light Barrier, which was first published in English in 1980.
Adam = Alien-Leon Bibi 2014-09-11

Adam = Alien is a groundbreaking book, examining possible evidence of our extraterrestrial origins. In the vein of Erich Von Däniken, Lloyd Pye, and Zecharia Sitchin, it explores human origin, UFOs, pyramids, religion, science, and our culture's and government's suppression of its proof. It is written by a former skeptic whose research has concluded that most of what he has learned regarding the subject matter above was completely wrong, that the powerful institutions that control our education have woven for us a fairy-tale myth to protect their interests— and that has been recapitulated and regurgitated over the past two thousand years. This book is a wakeup call to you— the open-minded, inquisitive thinker. It provides for you documentary and photographic evidence that proves, beyond a shadow of a doubt, that extraterrestrials have existed here on earth and have intervened for the past 445,000 years in the human experience.

Captured! The Betty and Barney Hill UFO Experience (60th Anniversary Edition)—Stanton T. Friedman 2021-04-01

“The famous 1961 Betty and Barney Hill abduction by non-humans is taken apart, meticulously re-examined by Betty’s niece Kathleen Marden and nuclear physicist Stanton T. Friedman, and reinforced by the pressure of facts.” —Linda Moulton Howe, Emmy award-winning TV producer, reporter, and editor, Earthfiles.com

Today, 60 years after the UFO abduction of Betty and Barney Hill, more and more people are convinced that UFOs are real and their existence is being covered up by the government. If you have doubts or questions about the Hill case or alien experiences in general, Captured! will give you the answers you’re searching for. The 1961 abduction of the Hills stirred worldwide interest and enthralled the public and media for decades. The case is mentioned in almost all UFO abduction books. It also became a target for debunkers, who still attack it today. But the complete story of what really happened that day, its effect on the participants, and the findings of investigators has never been told— until now. In Captured! you’ll get an insider’s look at the alien abduction, previously unpublished information about the lives of the Hills before and after Barney’s death in 1969, their status as celebrities, Betty’s experiences as a UFO investigator, and other activities before her
death in 2004. Kathleen Marden, Betty Hill’s niece, shares details from her discussions with Betty and from the evidence of the UFO abduction. She also looks at the Hills’ riveting hypnosis sessions about their time onboard the spacecraft. The results of a new chemical analysis of the dress Betty was abducted in is shared, which found unusual and rare elements on it. Newly discovered letters at the American Philosophical Society by debunker Philip Klass, regarding an orchestrated plot to paint Betty as delusional reveal what early detractors tried to do. In addition, coauthor, physicist, and ufologist Stanton T. Friedman reviews and refutes the arguments of those who have attacked the Hill case, including the star map Betty Hill saw inside the craft and later recreated.

Earth: An Alien Enterprise—Timothy Good 2013-11-05 A worldwide history of alien contact from one of the most respected authorities on the phenomenon: “A bible for UFO watchers” (The Wall Street Journal). This fascinating new volume tells the story of contact between aliens and humans from all across the globe, dating back to 1932, including meetings with military personnel and American presidents such as Eisenhower and Kennedy. For the first time, a former member of MI6 reveals her conversation with Neil Armstrong at a NASA conference, when she confirmed that there were “other” spacecraft on the moon when Apollo 11 landed in 1969. Armstrong also confirmed that the CIA was behind the cover-up. In a further admission in December 2012, Russian Prime Minister Dmitry Medvedev revealed “the president of Russia is given a special top secret folder [that] in its entirety contains information about aliens who have visited our planet. Along with this, the president is given a report of the Special Service that exercises control over aliens in our country. I will not tell you how many of them are among us because it may cause panic.”

Slave Species of the Gods—Michael Tellinger 2012-09-10 Our origins as a slave species and the Anunnaki legacy in our DNA • Reveals compelling new archaeological and genetic evidence for the engineered origins of the human species, first proposed by Zecharia Sitchin in The 12th Planet • Shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA • Identifies a recently discovered complex of sophisticated ruins in South Africa as the city of
the Anunnaki leader Enki Scholars have long believed that the first civilization on Earth emerged in Sumer some 6,000 years ago. However, as Michael Tellinger reveals, the Sumerians and Egyptians inherited their knowledge from an earlier civilization that lived at the southern tip of Africa and began with the arrival of the Anunnaki more than 200,000 years ago. Sent to Earth in search of life-saving gold, these ancient Anunnaki astronauts from the planet Nibiru created the first humans as a slave race to mine gold—thus beginning our global traditions of gold obsession, slavery, and god as dominating master. Revealing new archaeological and genetic evidence in support of Zecharia Sitchin’s revolutionary work with pre-biblical clay tablets, Tellinger shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA—which explains why less than 3 percent of our DNA is active. He identifies a recently discovered complex of sophisticated ruins in South Africa, complete with thousands of mines, as the city of Anunnaki leader Enki and explains their lost technologies that used the power of sound as a source of energy. Matching key mythologies of the world’s religions to the Sumerian clay tablet stories on which they are based, he details the actual events behind these tales of direct physical interactions with “god,” concluding with the epic flood—a perennial theme of ancient myth—that wiped out the Anunnaki mining operations. Tellinger shows that, as humanity awakens to the truth about our origins, we can overcome our programmed animalistic and slave-like nature, tap into our dormant Anunnaki DNA, and realize the longevity and intelligence of our creators as well as learn the difference between the gods of myth and the true loving God of our universe.

Passport to the Cosmos-John E. Mack 2010 John Mack explored alien encounter experiences deeply, revealing a world of meaning and power that can revolutionize our understanding of who we are and our place in the cosmos. Dr. Mack suggests that such experiences reveal to us a universe which is filled with intelligence and life, though this may not always take the densely embodied form with which we are most familiar. This book brings us to the edge of material reality and beyond, shattering the boundary that has separated matter and spirit and scientific or spiritual ways of knowing. Dr. Mack asks us to move beyond the largely useless debate about whether UFOs or abductions are real in a purely material sense. He shows us the limited way that we have used ourselves in learning about the cosmos, and challenges the limitations of traditional science as a way to learn about the multi-dimensional world in which we reside. Insights about the relationship between spiritual and physical energy; trauma's role in transformation; information about the ecological crisis facing the planet and the urgency that we do something about it; the possibility that human beings are participating in the creation of some sort of interdimensional hybrid race; the expansion of human consciousness and our spiritual reawakening; and the apparent evolution of extraordinary relationships that some human beings may be developing beyond the earth plane - these are the matters this book includes. Dr. Mack demonstrates that the investigations of a skilled clinician, exploring human consciousness through in-depth conversations, can reveal to us a multidimensional, apparently intelligent, cosmos whose nature is fundamentally consistent with the discoveries of leading scientists who have been gaining knowledge primarily through exploring the
physical world.

Dark Mission-Richard C. Hoagland 2009-09-01 The New York Times bestseller about the strange history of NASA and its cover-ups regarding its origins and extraterrestrial architecture found on the moon and Mars is even more interesting in its new edition. Authors Richard C. Hoagland and Mike Bara include a new chapter about the discoveries made by ex-Nazi scientist and NASA stalwart Wernher von Braun regarding what he termed "alternate gravitational solutions," or the rewriting of Newtonian physics into hyperdimensional spheres.

DNA of the Gods-Chris H. Hardy 2014-03-21 An in-depth study of humanity’s Anunnaki origins and the Anunnaki battle for an intelligent versus enslaved humanity • Explains the genetic engineering of humanity by an Anunnaki scientist Ninmah • Shows how the concepts of sin and the inferiority of women arose from Enlil’s will to keep humanity underdeveloped, clashing with Enki’s and Ninmah’s plan to make us equal in intelligence • Reveals how humanity’s long history of conflict was shaped by the battle between Enki and his brother Enlil Further developing the revolutionary work of Zecharia Sitchin, Chris Hardy shows that the “gods” of ancient myth, visitors from the planet Nibiru, created us using their own “divine” DNA—first through DNA extraction from their own ribs’ marrow and later by direct relations with early human females. Drawing upon multiple sacred texts, Hardy details the genetic engineering of humanity by Anunnaki scientist Ninmah, with the help of Enki and Hermes. She reveals how Ninmah’s first female human creation, Tiamat/Eve, contained more alien DNA than the earlier male one, Adamu, and how the biblical Noah represents the perfection of her work. Examining the war between Anunnaki brothers Enki and Enlil, Hardy reveals how the concepts of sin and the inferiority of women were born out of Enlil’s attempts to enslave and then wipe out humanity, repeatedly thwarted by Enki and Ninmah. The author further explains how the sacred sexuality taught to humans--still seen in Tantric practice--became suppressed millennia later by the patriarchal concept of original sin and how innocent Eve took the blame for the expulsion from Eden and fall from Grace. Showing that the god who created us was not the same god who expelled us from Eden, Hardy explains that there will
be no apocalypse because the Good/Evil duality has never truly existed—it has been only enemy gods fighting and implicating humanity in the wake of their own competition for power. With a full psychological understanding of how the ancient “gods” have shaped humanity’s ongoing history of conflict, we can move beyond the framework of “(my) Good versus (your) Evil” imposed by Enlil and begin to steer our own planetary destiny.

Chariots of the Gods—Erich von Daniken 2019-06-27 All over the world there are fantastic ruins and objects that cannot be explained by conventional history, archaeology or religion. In the ground-breaking Chariots of the Gods, Erich von Daniken provides answers to these questions...why do religious texts often refer to Gods who descend from fiery chariots? Why do modern space launch sites look like constructions on the plains of Nazca in Peru? Was God an astronaut? By looking at human history and the ruins of ancient civilisations with an open mind, Erich von Daniken offers a new solution to these eternal mysteries in Chariots of the Gods. Why, for instance, do the world’s sacred books describe Gods who came down from the sky in fiery chariots and always promised to return? How could an ancient Sanskrit text contain an account which could only be of a journey in an alien craft? Compare photographs of American space centre launch sites to the constructions on the plains of Nazca in Peru. In order to understand the mysteries which Erich von Daniken has catalogued we must go back to these ancient relics with an open mind. We must call in the resources and experience of sciences other than archaeology. Chariots of the Gods is a provocative attempt to explain some of the universe's most interesting mysteries. Erich von Daniken has spent a lifetime gathering evidence to prove that, before the dawn of recorded history, our ancestors were visited by an alien race. Erich von Daniken was responsible for popularising the ancient astronaut hypothesis of human development. Orthodox historians have been sceptical but a vast public have been drawn to his ideas by instinctive interest and wonder. His 26 books have sold over 60 million copies in over 40 languages.

When Time Began—Zecharia Sitchin 1994-03-01 Night and day, month after month, year after year, our ancestors dutifully recorded the passage of time on clay tablets, watching the heavens from stage towers and
pyramids and from megalithic monuments whose incredible size and precise architecture boggle the mind. . . .

Who were the builders of these mysterious structures? What was their purpose? Whose signature is indelibly written on these timeless stones, and who was the Divine Architect? Why was Stonehenge and its likes built by ancient civilizations at the very same time--4,100 years ago? What is their message for our time? With these questions in mind, Zecharia Sitchin, renowned researcher of past ages, takes us on a journey through the records of time in this, the fifth book of his Earth Chronicles series. Drawing deeply on Sumerian and Egyptian writings, millenia-old artifacts, and sacred architecture ranging from ancient Mesopotamia to pre-Columbian civilizations in the Americas, this bestselling scholar provides astounding insights into the origins of the calendar, astronomy, and astrology. He takes readers to the climax circa 2100 B.C. when Marduk, the Babylonian national god, attained supremacy on Earth and proclaimed the New Age of Aries--after which society, religion, science, and the status of women were never the same.

Ancient Serpent Gods-B. E. Lewis 2016-07-27 "B.E. Lewis offers some of the most compelling evidence ever presented by an author on the gray and reptilian presence. We can't ignore that something inexplicable has happened to millions of people who claim to be abducted. Are we dealing with invisible beings like the Jinn, extraterrestrials, dimension beings or terrestrial beings that have lived on Earth for millions of years? Finally, a new theory!" - Ann Druffel, bestselling author of How to Defend Yourself Against Alien Abduction and The Tujunga Canyon Contacts Thousands of people vanish each year. Have they been abducted by reptilian beings that have lived inside our planet for millions of years? Have they altered our DNA? Is this why ancient worldwide civilizations worshiped serpent gods? Discover why Dulce Base security officer Thomas Castello, Dulce geologist Phil Schneider and CIA Pilot and Area 51 engineer John Lear tried to warn us about the reptilian underground presence. This original book, Ancient Serpent Gods by B. E. Lewis, deals an astounding blow to all our preconceived notions of human and dinosaur evolution. Did a species of dinosaurs actually survive an extinction event 65 million years ago, did humans exist with them, and did they possess nuclear warfare millions of years ago? Has Earth always been dominated by an intelligent dinosaur known to ancient
civilizations as Serpent Gods? Discover how ancient texts describe nuclear wars, serpent gods and how they mated with human women. Did they genetically create Homo sapiens and other Earth species? Now Lewis offers compelling evidence the dinosaur didn't vanish, but evolved into what millions of abductees identify as Gray and Reptilian aliens. Witnesses and abductees tell of hybrids in underground bases, humans used for experimentation, and grays and reptilians who work with our military and governments in secret. Could abductions by these gray/reptilian beings account for thousands who have vanished without a trace? If so, this could be the greatest secret of all time, the one that has been kept from humanity for eons: Serpent Gods are TERRESTRIAL, not extraterrestrial and have controlled us for eons. This book will challenge your beliefs on religion, evolution, aliens and UFOs and their agenda for humanity. Are you ready for the shocking truth?

Enoch and the Gods of Eden-Rita V Kano 2019-06-11 Secrets are hidden best in plain sight. Call them sacred, blasphemous, absurd, visions, dreams, even the Word of God; the misfits of Earth's history are not going away. Eyewitnesses to truth still live and speak. The Genesis patriarch, Enoch, is one of these witnesses. He walked with God and transcribed astounding knowledge as directed by Angels. Time has brought new life to Enoch's divine, terrestrial and extraterrestrial adventures.

West of Eden-Jean Stein 2016-02-04 West of Eden is the definitive story of Hollywood, told, in their own words, by the people on the inside: Lauren Bacall, Arthur Miller, Dennis Hopper, Frank Gehry, Ring Lardner, Joan Didion, Stephen Sondheim – all interviewed by Jean Stein, who grew up in the Forties in a fairytale mansion in the Hollywood Hills. The book takes us from the discovery of oil in the Twenties with the story of the tycoon Edward Doheny (There Will Be Blood) and traces the growth of corruption through the syndicates, the mob, and the movie studios - from the beginnings of the film industry to the end, with News Corp. and Rupert Murdoch (who bought the Stein mansion in 1985). West of Eden is about money, power, fame and terrible secrets: the doomed Hollywood of the late Fifties, early Sixties – ‘the rotten heart of paradise’. Like her last book, the best-selling Edie, this is an oral history told through brilliantly edited interviews. As this is Hollywood, it’s a book full of sex, drugs and celebrity glamour; but because it’s built from the firsthand
accounts of people who were actually there, many of them writers, actors and artists, it’s also strangely claustrophobic, seductive, and completely compelling.
