The Rise of the Roman Empire-Bruce W. Frier 2014-07-14 Combining historical, sociological, and legal expertise, Bruce Frier discloses the reasons for the emergence of law as a professional discipline in the later Roman Republic. Originally published in 1979, this book describes the development of the Roman law of obligations and property and explains the development of a legal profession that was vital to the Roman official class. Frier also examines the role of the lawyer (advocate) in Roman civil and criminal litigation, including the Latin words for various legal concepts. He then carefully reads the legal portions of the works of classical authors who were writing about the law, such as Cicero, Macrobius, and Solinus. The result is a valuable resource for students and scholars of Roman law and history, providing crucial insights into the origins of the modern legal profession.

A Brief History of the Roman Empire-Stephen P. Kershaw 2013-06-20 In this lively and very readable history of the Roman Empire from its establishment in 27 BC to the barbarian incursions and the fall of Rome in AD 476, Kershaw draws on a range of sources, from Juvenal's Satires to recent archaeological finds. He explains the historical context of the empire's rise and fall, showing how economic and political factors led to its eventual collapse. Kershaw also explores the empire's impact on the modern world, from the rise of Christianity to the development of modern democracy. The result is a comprehensive and engaging account of one of the greatest empires in history.

Ancient Rome: The Rise and Fall of the Roman Empire-Luis Izkowitz 2016-06-15 This is the story of the Roman Empire from its establishment to the fall of the Western Roman Empire in AD 476. The book covers the key events and figures in Roman history, from the founding of Rome in 753 BC to the fall of the Western Roman Empire in 476 AD. It includes details of the political, social, and economic changes that occurred during this period, as well as the key figures who shaped Roman history. The book is written in an engaging and accessible style, making it suitable for both students and general readers.

The Roman Republic-Captivating History 2018-03-27 Explore the Captivating History of the Roman Republic: When we think of ancient Rome, the first notion that comes to mind is the one of the empire, followed by the image of a mighty emperor, his legions, colonial buildings, and the Gladiators (or the rhetoric and poetry, depending on your preferences). Some may recall the image of a “unified” Europe under a single sovereign - the emperor of Rome. However, Rome did not become remarkable at this considerably late phase. In fact, many historians see the history of Rome under the Emperors as a long, gradual decline. It was during the Republic that Rome gained an empire. Most of the achievements that the first empire of Rome, Octavian-Augustus, claimed to have completed were, in fact, earned during the Roman Republic. In this book, we'll have a close look at the beginning of Roman civilization, the foundation of the city and the Senate, the expansion of the Roman Republic, its glory, and its end. Some of the topics covered in this book include: The Past That Made It Possible: The Foundation of Rome between Nervii and History Down with the Kings: The Past That Made It Happen Early Republic: Military Achievements of Early Republic: Taking Italy Easy: The Punic Wars and Mediterranean Dominance: The Military vs. Cultural Dominance: The Roman Civilization meets the Greek World Limitless Power and the Beginning of the End: The Late Republic: The Age of the Generals: Pompey, Caesar, and Caesar Senators People-Que Romanos (SPQR) and Its Downfall The Rise and Fall of Julius Caesar and the End of the Roman Republic And A Great Deal More You Don’t Want to Miss Out On! Get the book now to learn more about the Roman Republic.

The Rise of Rome: Although the Romans had seen a military and political victory, they were still provincial in many ways until they compared the Greeks. At that point, Greek civilization entered and began to influence the Romans in unexpected ways. But, as you'll learn, the expansion beyond Italy may have been something of an accident.

The Roman Republic-Captivating History 2018-07-24 If you want to discover capturing stories of people and events of ancient Rome then keep reading... The Roman civilization is probably the single most important civilization in the history of the planet. Its expansion defined Europe, its constitution shaped societies from the East in the United States and Latin America in the west. Not even its conquerors were immune to the superior Roman culture. In this new captivating history book, you'll learn all you need about ancient Roman institutions and practices. But for sure we will be on the captivating stories and curious personalities of the Roman emperors, politicians, and generals-from Romulus, Caesar, Augustus, Trajan, and Hadrian to Constantine, Justinian, and Boilaica. Equally important (and perhaps even more-interesting) are the stories of influential women—mothers, wives, and lovers, from Cleopatra and Apollonia, to Theodora and Zoe with the Coal-Black Eyes-whose schemes often redirected the course of history. Topics covered in Ancient Rome: Captivating Introduction to the Roman Republic, The Rise and Fall of the Roman Empire, And The Byzantine Empire include: The Seven Kings of Rome: The Foundation of Rome and its First Rulers The Early Republic: The Punic Wars and Mediterranean Dominance: The Middle Republic: Decay, Corruption, and Civil Wars: The Late Republic: Caesar, Julius Caesar, Crossing the Rubicon, and Death that Sucked the City The Rise of First Roman Empire: Early Roman Empire: Princes Augustus and Julio-Claudian Dynasty The Flavian Dynasty The Nero-Antonine Dynasty Late Empire The Empire of Constantine: Limitless Dominance and Fall of the Western Roman Empire The Byzantine Millennium And much, much more! So if you want to learn about ancient Rome without having to read boring textbooks, add "to cart!"

The Storm Before the Storm-Mike Duncan 2017-10-24 The creator of the award-winning podcast series The History of Rome and Revolutions brings to life the bloody battles, political machinations, and human drama that set the stage for the most consequential events in human history: the fall of the Roman Empire. The Fate of Rome is the first book to examine the catastrophic role that climate change and infectious diseases played in the collapse of Rome’s power—a story of nature’s triumph over human ambition. Interweaving a grand historical narrative with cutting-edge climate science and genetic discoveries, Kyle Harper traces how the fate of Rome was decided not just by emperors, soldiers, and barbarians but also by volcanic eruptions, solar cycles, climate instability, and devastating viruses and bacteria. He takes readers from Rome’s pinnacle in the second century, when the empire seemed an invincible superpower, to its unraveling by the end of the century. Harper describes how the Romans were resilient in the face of enormous environmental stress, until the besieged empire could no longer withstand the combined challenges of a "little Ice age" and recurrent outbreaks of lethal plague. A poignant reflection on humanity’s intimate relationship with the environment, The Fate of Rome provides a sweeping account of how one of the most crucial civilizations of all time was brought to its knees by forces both natural and human.

Rise of Rome V1-Angelo Todaro 2020-09 Through an fictional interview between the author and a Roman poet we explore the history of the foundation of Rome and Taras and the events that lead to the rise of the Roman republic. This is a beautifully illustrated book. The first book covers the events from the foundation of the cities of Rome and Taras to the war with Perus. Escape from Rome-Walter Scheidel 2020-09-13 The gripping story of how the end of the Roman Empire was the beginning of the modern world. The fall of the Roman Empire has long been considered one of the greatest disasters in history. But in this groundbreaking book, Walter Scheidel argues that Rome's dramatic collapse was actually the best thing that ever happened, clearing the path for Europe's economic rise and the creation of the modern age. Ranging across the entire history of Rome, Scheidel presents an entirely new story of the end of an empire, one that is less about horror than it is about the rise of a new world order. The collapse of the Roman Empire was not the end of history. Instead, the fall of Rome set the stage for the most improbable story of antiquity. The epic scale of the Colosseum; the evolution of our languages; the invention of new ideas about the natural world; the development of science, art, and democracy; the constitutional and legal reforms that shaped the rights of the individual; and the spread of Christianity to the entire Mediterranean world-a movement that would eventually change the course of the entire planet. Its expansion defined Europe. Its constitution shaped societies from Russia in the east to the United States and Latin America in the west. Not even its conquerors were immune to the superior Roman culture. In this new captivating history book, you'll learn all you need about ancient Roman institutions and practices. But for sure we will be on the captivating stories and curious personalities of the Roman emperors, politicians, and generals-from Romulus, Caesar, Augustus, Trajan, and Hadrian to Constantine, Justinian, and Boilaica. Equally important (and perhaps even more-interesting) are the stories of influential women—mothers, wives, and lovers, from Cleopatra and Apollonia, to Theodora and Zoe with the Coal-Black Eyes-whose schemes often redirected the course of history. Rise of Rome V1-Angelo Todaro 2020-09-13 An audacious and daring narrative, this text presents an overview of the early history of Rome, focusing the reader's attention to those distinctive and often hidden cultural features that created a truly unique Roman mindset and civic outlook. Using an historical format, Thomas L. Dyne was addresses these cultural forces which ultimately shaped the Romans into the ancient world's most powerful military city-state. Comprised of numerous values and beliefs, the Romans sought to develop their citizens as a cohesive whole. This approach enabled a mastering of both the practical and utilitarian tactics for solving problems, an evolution of classical intellectualism. Identifying this sense of idealism parallelized with the Romans embodiment of sacrifice to overcome all obstacles, the author explores several features of becoming Roman. Within this text, each chapter is divided into individual sections, each detailing both historical elements which helped to create a unique Roman citizenship. The final section of each chapter contains further analysis, including the author's narrative regarding the general sources used, and the second containing a review of one or two recommended reading. The later chapters of the book provide a special "Recient Scholarship" section, which explores the work of recent scholars' "revivaisonts" perspectives related to the traditional ancient source.
