Woman And The Salvation Of The World A Christian Anthropology On The Charisms

Woman and the Salvation of the World-Paul Evdokimov 1994 In this daring and speculative work, Evdokimov challenges contemporary Christianity to face up to its androcentrism. The dominance of the male in both society and the Church, he asserts, is at the root of many of the evils that plague the modern world. Evdokimov sees the solution in a rediscovery of an authentic Christian anthropology, one that sees males and females as complementary, yet with distinct charisms and vocations.

Woman and the Salvation of the World-Paul Evdokimov 1994 "Women, Patronage, and Salvation in Renaissance Florence *-Stefanie Solum 2017-07-05 Long obfuscated by modern definitions of historical evidence and art patronage, Lucrezia Tornabuoni de? Medici?s impact on the visual world of her time comes to light in this book, the first full-length scholarly argument for a lay woman?s contributions to the visual arts of fifteenth-century Florence. This focused investigation of the Medici family?s domestic altarpiece, Filippo Lippi?s Adoration of the Christ Child, is broad in its ramifications. Mapping out the cultural network of gender, piety, and power in which Lippi?s painting was originally embedded, author Stefanie Solum challenges the received wisdom that women played little part in actively shaping visual culture during the Florentine Quattrocento. She uses visual evidence never before brought to bear on the topic to reveal that Lucrezia Tornabuoni - shrewd power-broker, pious poetess, and mother of the 'Magnificent' Lorenzo de? Medici - also had a profound impact on the visual arts. Lucrezia emerges as a fascinating key to understanding the ways in which female lay religiosity created the visual world of Renaissance Florence. The Medici case study establishes, at long last, a robust historical basis for the assertion of women's agency and patronage in the deeply patriarchal and artistically dynamic society of Quattrocento Florence. As such, it offers a new paradigm for the understanding, and future study, of female patronage during this period. Gender and Salvation-Padminabh S. Jaini 2013-05-22 The issue of the interconnection of clothing as a prerequisite to attaining spiritual liberation? In Gender and Salvation, Padminabh S. Jaini brings to light previously untranslated texts centering on a centuries-old debate between the two principal Jaina sects, the Digambaras and the Svetambaras. At the core of the debate is the question of whether gender-based differences of biology and life experience shape or limit an individual's ability to accomplish the ultimate religious goal. For the Digambaras, the example of total nudity set by Mahavira (599-527 B.C.), the central spiritual figure of Jainism, mandates an identical practice for all who aspire to the highest levels of religious attainment. For the Svetambaras, the renunciation occurs purely on an internal level and is neither affected nor confirmed by the absence of clothes. Both sects agree, however, that nudity is not permitted for women under any circumstances. The Digambaras, therefore, believe that women cannot attain salvation, while the Svetambaras believe they can.

Through their analysis of this dilemma, the Jaina thinkers whose texts are translated here demonstrate a level of insight into the material and spiritual constraints on women that transcends the particular question of salvation and relates directly to current debates on the effects of gender in our own society. Fierce-Alice Connor 2017-02-01 Women in the Bible—some of their names we know, others we’ve only heard, and others are tragically unnamed. Pastor and provocateur Alice Connor introduces these women and invites us to see them not as players in a man’s story—as victims or tempters—nor as morality archetypes, teaching us to be better wives and mothers, but as fierce foremothers of the faith. These women’s stories are messy, challenging, and beautiful. Fierce will provoke you, open up possibilities for you, invite you to imagine the inner lives of other women, even offend you at times, like the prophets did. Although separated by centuries and cultures, we’re not so different from these women; we share their desires and abilities. We are all part of the story that God is telling.

The Grace of My Lover (Jesus) A Woman's Journey to Salvation-Marilyn Latisha Lacy 2017-10-05 This book is a summerized version of things that happened in my life. I had a desperate need and longing to be free of pain from trauma I experienced at a very young age. That pain would go on to hold me bound for all of my teenage and most of my adult life. I made some decisions, out of hurt, that should have and almost did cost me my life. I intentionally chose the road that almost destroyed me and any chance I may have had to fulfill my destiny. I was so broken, full of anger and resentment, I was self destructing. It was only by God's intentional grace that my life was spared and I begin to allow healing to take place. It is a choice, and we must be intentional and purposeful about what we allow in our lives. I invite you along on my journey to salvation.

Woman, Salvation, and Childbearing-Allan Thomas Trewin 1980 Women in God's Army-Andrey Mark Eason 2014-01-22 The Salvation Army continued to fight for its cause. But did they? Woman in God's Army is the first study of its kind devoted to the critical analysis of the central claim. It traces the extent to which the egalitarian ideal was realized in the private and public lives of first- and second-generation female Salvationists in Britain and argues that the Salvation Army was found wanting in its overall commitment to women's equality with men. Bold pronouncements were not matched by actual practice in the home or in public ministry. Andrey Mark Eason traces the nature of these discrepancies, as well as the Victorian and evangelical factors that lay behind them. He demonstrates how Salvationists often assigned roles and responsibilities on the basis of gender rather than equality, and the ways in which these discriminatory practices were supported by a male-defined theology and authority. He views this story from a number of angles, including historical, gender and feminist theology, ensuring it will be of interest to a wide spectrum of readers. Salvationists themselves will appreciate the light it sheds on recent debates. Ultimately, however, anyone who wants to learn more about the human struggle for equality will find this book enlightening.

The Liberating Truth-Danielle Strickland 2011 In short chapters full of memorable personal stories Danielle Strickland challenges us to take seriously our reading of the Gospels and the consequences of that reading. Strickland’s book seeks to engage a dialogue with theologians who question the way the Jesus tradition is interpreted and applied in the day-to-day lives of women and the lie that the debate is even about gender. Strickland starts with stories of women in subjugation—women who are considered property, or have been told to remain in abusive relationships, or face extensive cultural restrictions. These women have met as she serves around the world for the Salvation Army. She calls us to know each woman as she meets Jesus and by her spiritual gifts—not by a culturally defined category. After tackling overt cases of oppression of women, Strickland confronts the subtleties of gender inequality—in the Western world. Layring open the Bible and inviting all to come, she thoughtfully outlines the positions regarding gender equality and reviews related passages of Scripture. Using her gift as an evangelist along with the guidance of Scripture, reason, tradition, and experience, she makes her case that the more women are empowered to be true equals to men, the closer we bring the Kingdom of God.

Healing Neen-Tonier Cain 2014-09-02 Choose for yourselves this day whom you will serve... - Joshua 24:15 (NIV) It is almost inhuman to believe that just nine years ago Neen was in prison—a place as familiar to her as the streets she lived on. In just 15 years, she had been arrested 83 times with 66 convictions. Neen had four children, she was a drug addict, a prostitute, and desperately lost. But as long as she had breath, she would still have hope. One day, after 32 years hustling on the streets of Annapolis, Neen's crumb of hope turned into a seed of trust. "Then I will make up to you for the years that the swarming locust has eaten... " - Joel 2:25 (NASV) Healing Neen isn't just another story about victims and survivors or recovery and redemption; ultimately, it is a story of Good News and a testament to God's grace and presence. It is the story of a woman's path to salvation and a propitious glimpse into the potential buried deep within some of society's most vulnerable people. “See that you do not despise one of these little ones. For I tell you that in Healing Neen isn't just another story about victims and survivors or recovery and redemption; ultimately, it is a story of Good News and a testament to God’s grace and presence. It is the story of a woman’s path to salvation and a propitious glimpse into the potential buried deep within some of society’s most vulnerable people. “See that you do not despise one of these little ones. For I tell you that in...” - Matthew 18:10 (ESV) But this story isn't just about Neen; it's about the value of human life, the depth of suffering, and the heights of grace. It is a convincing cri de Coeur for better practices in the way we treat and counsel those caught in the cycles of trauma, addiction, and serious incarceration. Neen brings us face-to-face with the ubiquitous corruption, neglect, and abuse in some of the systems meant to safeguard at-risk women and children, yet she leaves us with hope that things can change for the better. Today, Tonier Cain’s calling is to help save thousands of other “Neens” across the nation. She is a leading advocate for trauma-informed care in prisons and mental health facilities. She is a champion for examining and improving the way we help one another toward redemption, and she is the voice of compassion and promise for so many still living on the fringe who need to hear, “where there’s breath, there’s hope.”

High Heels, Honey Lips, & White Powder-Rose Mccarthy-Aning 2010-08 The tragedies of my yesterdays are now the sermons I preach, the lessons I share, and the memories that have caused me to lay down the stomes that I used to carry Rose 'Maria McCarthy' Aning was trapped in a life of addiction, crime, sex, violence, and homelessness for over twenty-five years. Starving for Salvation-Michelle Mary LeWilca 2002-04-15 In recent years, eating disorders among American girls and women have become a subject of national concern. Conventional explanations of eating problems are usually framed in terms of psychological causes, such as depression, anxiety, or sociocultural pressures. Although they differ in theory and approach, these interpretations are linked by one common assumption--that female preoccupation with food and body is an essentially secular phenomenon. In Starving for Salvation, Michelle LeWilca challenges traditional theories by introducing and exploring the spiritual dimensions of anorexia, bulimia, and related problems. Drawing on a range of sources that include previously published interviews with sufferers of eating disorders, LeWilca claims that girls and women starve, binge, and purge their bodies as a means of coping with the pain and injustice of their daily lives. She provides an incisive analysis of contemporary American culture, arguing that our dominant social values and religious legacies produce feelings of emptiness and dissatisfaction in girls and women. Trapped in a society that ignores and denies their spiritual needs, girls and women construct a network of symbols, beliefs, and rituals around food and their bodies. LeWilca draws a parallel between the patriarchal legacy of Christianity, which associates women with sin and bodily cravings, and the cultural preference for a thin female body. According to LeWilca, these complimentary forces form a popular salvation myth that encourages girls and women to fixate on their bodies and engage in disordered eating patterns. While this myth provides a sense of meaning and purpose in the face of uncertainty and injustice, LeWilca demonstrates that such rigid and unhealthy devotion to the body only deepens the spiritual void that women long to fill. Although LeWilca presents many disturbing facts about the origins of eating disorders, she also suggests positive ways that our society can nourish the creative and spiritual needs of girls and women. The first step, however, is to acknowledge that female preoccupation with thinness and food signifies a strong desire for fulfillment. Until we recognize and contest the religious legacies and cultural values that perpetuate eating disorders, many women will continue to turn to the most accessible symbolic and ritual resources available to them--food and their bodies--in an attempt to satiate their profound spiritual hunger.

Desiring God-John Piper 1996 Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God." Scandal, Salvation and Suffrage-Ros Black 2015-03-28 The truth behind the amazing work of the women of the temperance movement. In a time when women had no vote, their temperance work made the voices of women heard and their actions count. Exploring a forgotten but vital element of women's history, Scandal, Salvation and Suffrage demonstrates how closely the temperance campaign was linked to the fight for suffrage. Told through the true stories of real women, we see how they rose above their status as 'the weaker sex' to campaign for restrictions on the sale of alcohol, having recognised that many social problems were caused by excessive drinking – an issue still prevalent today. Some women were admirable but not likeable, while others were more radical and ahead of their time. Sex, slander and scandal all feature in their stories. This book leaves the reader to decide whether there are any lessons to be learned today from the work of these remarkable women and encourages us to remember their hard work and determination. Based on considerable research but written in an accessible way, Scandal, Salvation and Suffrage aims to celebrate the work of these extraordinary women and will appeal to those who enjoy social and women's history. It is not aimed at totallars; readers can – and should – raise a toast to these extraordinary women.
More Than Enchanting-Jo Saxton 2012-01-20 Women who struggle to accept their distinct strengths for what they are--gifts to the world--suffer for it. The church and society suffer with them. Jo Saxton invites women to discover (or rediscover) the gifts and talents that God has vested in us, and more important, the calling for each of us to seek first the kingdom of God where we are.
Two Views on Women in Ministry-James R. Beck 2010-02-23 What does the Bible say about women's roles in the church? With pros and cons on either side of a heated, ongoing debate, no definitive conclusions have emerged. This book furnishes you with a clear and thorough presentation of the two primary views on women in ministry so you can better understand each one's strengths, weaknesses, and complexities. Each view—egalitarian (equal ministry opportunity for both genders) and complementarian (ministry roles differentiated by gender)—is represented by two contributors. This revised edition of the book brings the exchange of ideas and perspectives into the traditional Counterpoints format. Each author states his or her case and is then critiqued by the other contributors. The fair-minded, interactive Counterpoints forum allows you to compare and contrast the different positions, and to form your own opinion concerning the practical and often deeply personal issue of women in ministry. The Counterpoints series provides a forum for comparison and critique of different views on issues important to Christians. Counterpoints books address two major categories: Church Life and Bible and Theology. Complete your library with other books in the Counterpoints series.
Feminist Theology and Contemporary Dieting Culture-Hannah Bacon 2019-08-08 Hannah Bacon draws on qualitative research conducted inside one UK secular commercial weight loss group to show how Christian religious forms and theological discourses inform contemporary weight-loss narratives. Bacon argues that notions of sin and salvation are deeply ingrained in the culture and practices of secular weight loss settings. In doing so, she offers a critique of the popular salvation myth that encourages girls and women to fixate on their bodies and engage in disordered eating patterns. While this myth provides a sense of meaning and purpose in the face of uncertainty and injustice, Bacon demonstrates that such rigid and unhealthy devotion to the body only deepens the spiritual void that women long to fill. Although Bacon presents many disturbing facts about the origins of eating disorders, she also suggests positive ways that our society can nourish the creative and spiritual needs of girls and women. The first step, however, is to acknowledge that female preoccupation with thinness and food signifies a strong desire for fulfillment. Until we recognize and contest the religious legacies and cultural values that perpetuate eating disorders, many women will continue to turn to the most accessible symbolic and ritual resources available to them--food and their bodies--in an attempt to satiate their profound spiritual hunger.
women's self-development. Taking into account these tensions, Bacon asks what a specifically feminist theological response to weight loss might look like. If ideas about sin and salvation service hegemonic discourses about fat while also empowering women to shape their own lives, how might they be rethought to challenge fat phobia and the frenetic pursuit of thinness? As well as naming as 'sin' principles and practices which diminish women's appetites and bodies, this book forwards a number of proposals about how salvation might be performed in our everyday eating habits and through the cultivation of fat pride. It takes seriously the conviction of many women in the group that food and the body can be important sites of power, wisdom and transformation, but channels this insight into the construction ofologies that resist rather than reproduce thin privilege and size-ist norms.

Suffering and Salvation in Ciudad Juárez-Nancy Pineda-Madrid 2011 Nancy Pineda-Madrid re-conceives traditional Christian notions of salvation by closing attending to the experience of the embattled women of Ciudad Juarez in Mexico, where hundreds have been slain and where survivors have found healing and salvation in solidarity and community practices that resist rather than acquiesce in the violence.

Nuns' Priests' Tales-Fiona J. Griffiths 2018-02-26 Nuns' Priests Tales explores the spiritual ideas that motivated priestly service to nuns across Europe and throughout the medieval period, revealing the central role that women played in male spiritual life, and thus moving beyond the reductionist assumption that celibacy defined male spirituality in the age of reform.

The Religion of Thinness-Michelle M. Lelwica 2013-10-18 With so many women approaching their diets, body image, and pursuit of a slender figure with slavish devotion, The Religion of Thinness is a timely addition to the discussion of our cultural obsession with weight loss. At the heart of this obsession is the belief that in order to be happy, one must be slim, and the attendant myths, rituals, images, and moral codes can leave some women with severe emotional damage. Idealized images in the media inspire devotees of this "religion" to experience guilt for behaviors that are biologically normal and necessary, and Lelwica offers two ways to combat this dangerous cultural message. Advising readers to look hard at the societal cues that cause them to obsess about their weight, and to remain mindful about their actions and needs, this book will not only help stop the cycle of guilt and shame associated with food, it will help readers to grow and accept their bodies as they are.
