The Canadian Annual Review of Public Affairs- 1923
The Canadian Annual Review of Public Affairs-John Castell Hopkins 1912
The Annual Review of Women in World Religions-Arvind Sharma 1999-10-21 This fifth volume in an innovative, interdisciplinary consideration of women in world religions explores the concept of immanence.
Annual Report of the Director of the Women's Bureau-United States. Women's Bureau 1922
Annual Review of Women's Health-Beverly J. McElmurry 1996 Volume III presents current findings on specific women's health topics, including sexual harassment, clinical trials in older women, menopause, violence against health workers, lesbian women's access to health care, community-based services for vulnerable populations, autoimmunity and gender effects, hypertension management, suicide in Latina female youth, domestic violence against women and children, female circumcision, and more.
Annual report of the director of the Woman in industry service-United States 1919
Annual Review-Economic Council of Canada 1982
Annual Review of Nursing Research, Volume 19, 2001-Joyce J. Fitzpatrick, PhD, MBA, RN, FAAN 2001-05-16 This book demonstrates that nurses have made an important contribution to
the advancement and expansion of women's health knowledge. Selecting the health issues of most importance to women, the editors have assembled leading nurse researchers to review, summarize, and critique nursing research within each area. A general overview of the field is also provided. Contributors include Angela McBride, Linda Andrist, Janice Humphreys, and Jacquelyn Campbell. Also contributing are Kathleen MacPherson and Nancy King Reame, nurse members of the original Boston Women's Health Collective, which authors OUR BODIES, OURSELVES.

Women's Work and Chicano Families-Patricia Zavella 2018-03-15

At the time Women’s Work and Chicano Families: Cannery Workers of the Santa Clara Valley was published, little research had been done on the relationship between the wage labor and household labor of Mexican American women. Drawing on revisionist social theories relating to Chicano family structure as well as on feminist theory, Patricia Zavella paints a compelling picture of the Chicano women who worked in northern California’s fruit and vegetable canneries. Her book combines social history, shop floor ethnography, and in-depth interviews to explore the links between Chicano family life and gender inequality in the labor market.

Annual Report of the Woman's Foreign Missionary Society of the Methodist Episcopal Church- 1901

Annual Report of the Board of Foreign Missions of the Presbyterian Church-Presbyterian Church in the U.S.A. Board of Foreign Missions 1921

Annual Report of the Board of Foreign Missions of the Presbyterian Church of the United States of America-PRESBYTERIAN CHURCH IN THE UNITED STATES. FOREIGN
MISSIONS, BOARD OF 1921
Annual Review of Gerontology and Geriatrics, Volume 13, 1993-1993-10-22 During the past few decades, the dramatic social changes with regard to our aging population and changes in the family unit have made both demographic and socioeconomic consequences, as well as an effect on matters of social policy. The prestigious editors, George L. Maddox and M. Powell Lawton, have assembled an impressive group of expert contributors whose chapters address topics from the latest theory and research findings to the changing balance of work and families, as well as patterns of kinship.

Annual Review of Women in World Religions, The-Arvind Sharma
This interdisciplinary consideration of women in world religions features new scholarship across traditions and approaches.

Woman's Work- 1920
Annual Report of the American Board of Commissioners for Foreign Missions-American Board of Commissioners for Foreign Missions. Meeting 1882
Annual Report of the Women's Educational and Industrial Union-Women's Educational and Industrial Union (Boston, Mass.) 1918

Women and Men in Organizations-Jeanette N. Cleveland 2000 The gender and racial composition of the American workforce is rapidly changing. As more women in particular enter the workforce and as they enter jobs that have traditionally been dominated by men, issues related to sex and gender in work settings have become increasingly important and complex. Research addressing sex and gender in the workplace is conducted in several distinct disciplines, ranging from psychology and sociology to management and economics. Further, books on gender at work often reflect either a more traditional management perspective or a more recent feminist perspective; rarely however, are these two orientations on women and work acknowledged within the same text. Thus, the principle goal of the book is to communicate a variety of social psychological
literatures and research on gender issues that affect work behaviors to upper-level undergraduate and graduate students in applied psychology and business.

Lean In-Sheryl Sandberg 2013-03-11 The #1 international best seller In Lean In, Sheryl Sandberg reignited the conversation around women in the workplace. Sandberg is chief operating officer of Facebook and coauthor of Option B with Adam Grant. In 2010, she gave an electrifying TED talk in which she described how women unintentionally hold themselves back in their careers. Her talk, which has been viewed more than six million times, encouraged women to “sit at the table,” seek challenges, take risks, and pursue their goals with gusto. Lean In continues that conversation, combining personal anecdotes, hard data, and compelling research to change the conversation from what women can’t do to what they can. Sandberg provides practical advice on negotiation techniques, mentorship, and building a satisfying career. She describes specific steps women can take to combine professional achievement with personal fulfillment, and demonstrates how men can benefit by supporting women both in the workplace and at home. Written with humor and wisdom, Lean In is a revelatory, inspiring call to action and a blueprint for individual growth that will empower women around the world to achieve their full potential.

Annual Review of Nursing Research, Volume 25, 2007-2007-06-11 This 25th anniversary edition of the Annual Review of Nursing Research is focused on nursing science in vulnerable populations. Identified as a priority in the nursing discipline, vulnerable populations are discussed in terms of the development
of nursing science, diverse approaches in building the state of the science research, integrating biologic methods in the research, and research in reducing health disparities. Topics include: Measurement issues Prevention of infectious diseases among vulnerable populations Genomics and proteomics methodologies for research Promoting culturally appropriate interventions Community-academic research partnerships with vulnerable populations Vulnerable populations in Thailand: women living with HIV/AIDS As in all volumes of the Annual Reviews, leading nurse researchers provide students, other researchers, and clinicians with the foundations for evidence-based practice and further research.

Women and Work-Ann Helton Stromberg 1987
Annual Report-American Madura Mission 1896
Annual Report of the Secretary of Labor-United States. Department of Labor 1962
Annual Report of the Indiana State Board of Agriculture-Indiana. State Board of Agriculture 1888
Annual Report of the Young Women's Christian Association of the City of New York-YWCA of the City of New York 1889
Annual Review of the Sociology of Religion-Patrick Michel 2011-08-25 The main goal of the second issue of the Annual Review of the Sociology of Religion, devoted entirely to religion and politics, is precisely to question the sense of a reconstruction of the mutual and simultaneous relations between these two spheres of social life. What does this process mean and where is it taking us?

Annual Review of Gerontology and Geriatrics, Volume 3, 1982-1982-01-15 The second volume in this long-running series presents the usual critical and intensive review chapters divided
into five sections but also addresses particular topics of special interest, including drugs and their use, and misuse, among the aged; the nonmedication orientation to treatment of various disorders; the immune system; and clinical procedures in the management of urinary incontinence. As with all the volumes, the contributors represent an international array of leading experts.

Women's Work, Men's Property-Stephanie Coontz 2016-03-01 “To some a book on the origins of sexual inequality is absurd. Male dominance seems to them a universal, if not inevitable, phenomenon that has been with us since the dawn of our species. The essays in this volume offer differing perspectives on the development of sex-role differentiation and sexual inequality, but share a belief that these phenomena did have social origins, origins that must be sought in sociohistorical events and processes.” In this way Stephanie Coontz and Peta Henderson introduce a book which fills a yawning gap in Marxist and feminist theory of recent years. Women’s Work, Men’s Property brings together specialist historical and anthropological skills of a group of American and French feminists to examine the origins of the sexual division of labor, the nature of pre-state kinship societies, the position of women in slave-based societies, and the specific forms taken by the oppression of women in archaic Greece. Men’s Work, Women’s Property will be welcomed by teachers and students of women’s studies and anyone with an interest in the biological, psychological and historical roots of sexual inequality.

Annual Report-Illinois Farmers' Institute 1922 Contains "Proceedings of the 24th-36th annual meeting ..., together with reports of Institute work ..."

State Charities Aid Association Annual Report-State Charities Aid Association (N.Y.) 1897 Reports for 1909/10-1920/21 include the association's 18th-29th Annual report to the State Hospital Commission (varies slightly)

Challenges for Work and Family in the Twenty-First Century-Dana Vannoy Stimulated by unprecedented and complex changes in the nation's social landscape, the fourteen original papers in the present volume attempt to recast our approach to existing institutional arrangements between family and economy. The authors set the stage for redefinitions that give meaning and place to individuals, thus serving broader social goals.
